THE HEARTBEAT OF SOUTHAMPTON

The man who leads our teachers,
The teachers who lead our minds,
The friends that we take with us,
And the friends we leave behind.

The clubs which broaden the scope
Of learning, and give us a stronger grip.
The sports which build our bodies,
and teach us good sportsmanship.

The books, the music, the tasks,
That challenge and inspire us too,
The way each school day begins the same,
But teaches us something new.

The dances, and the ball games,
And the friendly atmosphere,
The sock hops and the pep rallies
That make us yell and cheer.

This, the Heartbeat of Southampton,
Is recorded here with pride,
Lest we forget the important part
It played in all our lives.

Varsity

Varsity sports participation is encouraged in our athletic program. The Varsity Club invites as members those boys and girls who have lettered in sports. Its purpose is to promote greater interest in athletics and to encourage good sportsmanship. Also, it stimulates school spirit through its activities.

The annual athletic banquet is given each spring for members and guests. At this time we have a well known sports figure or coach as guest speaker.

The Varsity Club boasts of its unusual initiation procedure which provides good fun for the old members.

Stainback blocks for Stainback.

The Indians began their 1960 season by losing a squeaker to the Emporia Eagles 8-7. Faced with a tremendous rebuilding job, the Indians played with four, five, and sometimes six sophomores in the lineup.

The next week at Gloucester the Indians were again nosed out 27-21, even though SHS rolled up 442 yards rushing to GHS 432.

The following week the Indians were completely outclassed by Northampton 53-0. On October 7, SHS played its first home game of the season and eased by Smithfield 12-6. Success was short-lived, however, as the following week the Indians met a powerful Deep Creek team and suffered a recordbreaking 63-0 defeat.

The next week the Indians returned home to play highly favored Prince George. Playing their best game of the year, the Indians turned back Prince George 7-6 before a large homecoming crowd.

Following their fine performance against Prince George, the Indians lost another close one to the Holland Dutchmen 19-14. This was followed by a 13-7 loss to James Blair and a 0-0 tie with Virginia Beach.

In the final game with arch rival Franklin, the Indians turned to the form they showed against Prince George and won over Franklin and the "homefield jinx" 6-0.

Mr. Bodkin praises the unity and co-operation among county Ruritan clubs and the Boykins Lions Club, which made possible the note burning which took place on the night of the Southampton-Smithfield game. The fire in the wheelbarrow consumed the final notes held against the Southampton County Education Corporation and made the lighting facilities and the football field the property of the corporation.

CROSS COUNTRY 1960

The Cross Country team led by Dick Kinzie and Ed Story completed a successful season with two wins and two losses. The competition for these meets consisted of Group I Schools. The most improved runner can be none other than Keith Tinkham. These top men supported by Richard Darden, Al Ballard, and Clyde Marks competed in several of the state and international meets. In each meet these boys out performed teams from much larger schools.

Track 1959-60

The Southampton track team, competition for the third year, suffered severely as a result of sickness and injury. There were some outstanding performers on the track team that will not return for action for the 1960-61 year. Tim Fuller, Bill Partridge, and Fox Urquhart are the men lost by graduation for this season. Tim injured in the District meet was unable to perform in the state meet and Fox was just nosed out in dead heats to be kept from entering the state meet.

The following men were District Champions in this event: Dick Kinzie, the mile; Ed Story, the half mile; and the 440 mile relay team. The mile relay team won the district and the state championship for the second consecutive year. With two of the boys returning, Bobby and Billy Stainback, the relay team should be strong again this year.

The prospects for this year's team are good. Robert Lee Duke, Lewis Story and Sidney Faucette should strengthen the field events. Such men as Richard Darden, Earl Harrell, Clyde Marks, Pete Pope, Sterling Marks should give depth to the team. Gillette Bryant, in the high jump with Charles Ward and Earl Harrell in the pole vault should present a strong group in this field. In the sprints Bobby and Billy Stainback and Albert Harrell should present adequate personnel for this activity.

The team this year will have the new incentive of a new track. At the present time their home meets are scheduled at this time. This is another step in our program made possible by the work of the Southampton Educational Corporation and the many interested friends of the school.

The success of the team is a tribute to the players, and this year's team lost members who have set a high standard over four years of play for other teams to attain. Team work, team spirit, and sportsmanship have been outstanding characteristics.

Leading hitters were Bryant .424, Dail .405, Story .400, Maddrey .353, Brock .333, and Tucker .333. Leading pitchers were Joe Dail 7-0, and Doug Tucker 4-1.

Southampton will miss these seniors next year - co-captains Dennis Maddrey and Joe Dail; Bobby Bryant, Bobby Prince, Grant Brock, Paul Peyton, Bobby Story, and Bo Shiller. Returning next year will be such players as Al Ballard, Aurelius Brantley, Tommy Futrell, Wingate Futrell, Ronnie Griffin, Jay Horne, Kenny Porter, Johnnie Rawls, Doug Tucker, Roland Vaughan, and H. F. Babb. Some promising freshmen will be members of this year's squad.

"What's the best way to build a backlog of money-in-the-bank?"

One saver has suggested: "Start realistically; follow through doggedly!" Let us add just two thoughts. First, to start realistically means to take into account all one's fixed expenses and usual living costs. Only thus can one determine how much can reasonably be saved each payday. Second, to follow through doggedly on a regular savings program shouldn't be hard for a person of ordinary will power—who starts realistically. Open a savings account with us and try it!
